

To all racers who are pre-registering for the March 6th Copper Classic, the message posted below will be emailed to you prior to the race along with the AMA Liability Waiver forms (Adult & Minor) TRS hopes you will take advantage of the information in the message.

Also, watch for a Rider's Meeting video TRS plans to publish to provide more details about the race format, course features and rider safety. In place of the mass rider's meeting, TRS will use the video and a rider's information sheet (to be issued at the Registration area) as alternative means of conducting the mass meeting on race day. Should you still have questions after viewing the video and rider's information sheet, TRS representatives will be on hand on race day to answer questions you may have about the race.

Thanks for registering for the San Manuel Copper Classic. Here are a few items TRS is seeking your cooperation in order to comply with COVID guidelines.

Attached to this email is an **AMA Release and Waiver of Liability Assumption of Risk and Indemnity Agreement** form.

In consideration for the social distancing concerns due to the COVID virus and to expedite the event Check-in process and reduce queue time, we are taking these actions.

1. Please complete the attached **American Motorcyclists Association (AMA) Waiver Release and Waiver of Liability** form now for yourself and have all those who will be traveling with you and will be in your vehicle do the same. Print the completed form and bring it along with you to the Copper Classic.
2. At the Check-in station of the race campus, you will be asked to drop the completed waiver form into the designated collection box.

When arriving at the **Registration & Tech Inspection** areas, please maintain the 6-foot social distance and wear your mask.

Hand sanitizer dispensers will be available at the **Registration** and **Tech Inspection** tables and all of the port-a-pottie units.

While camping, please maintain a 10-foot distance between campsites.

TRS will have club personnel on hand to monitor COVID compliance.

As always, if you have questions, ask now.

Sincerely,
George Wysopal
President, TRS
